

## PRODUCT DESCRIPTION

Our 4,500lb capacity AC pallet truck is great for facilities that frequently handle loads at ground level. The construction of this powered pallet truck includes components that provide smooth fast operation while keeping maintenance costs low. If you're looking for a powered pallet truck that is tough and highly productive select our WPT45.

Our high performance low maintenance motorized pallet truck features:

- 24volt ZAPI transistor control
- High torque Monarch drive motor.
- Double reduction helical ZF GK10 transmission
- Shaft mounted electromechanical brake
- Creep speed operation for tight turning in close quarters
- Ergonomic handle with safety reversing switch and horn
- 255 AH Industrial battery or 180AH GMF battery pack options
- Battery discharge indicator with hour meter
- Key switch to limit access to approved personnel
